WORK HISTORY

Flutter Developer, 12/2023 - Current

Sapphire Software Solutions – Ahmedabad, India

- Built 10+ scalable mobile applications using Flutter and Dart across service-based and product-based environments.
- Implemented state management with GetX, BLoC, and MobX for a performance-optimized architecture.
- Integrated WebSocket and Firebase Realtime Database for real-time data synchronization.
- Configured Firebase Crashlytics with webhook alerts, reducing crash resolution time.
- Performed debugging and performance optimization across multiple concurrent projects using clean code practices.

Flutter Developer, 05/2022 - 11/2023

SoluSpot Technolabs – Ahmedabad, India

- Developed 6+ mobile applications for Android and iOS, with responsive and scalable UI.
- Automated Android and iOS builds by creating CI/CD pipelines using Fastlane.
- Published applications on the Google Play Store and Apple App Store.
- Managed multiple Flutter SDK versions using Flutter Version Management (FVM).
- Architected flavor-based builds (Dev, Staging, Production) for environment-specific configurations.
- Improved user experience using Firebase Analytics while handling 3–4 concurrent projects.

EDUCATION

MCA: Software Engineering, 04/2023

Kadi Sarva Vishwavidyalaya - Kadi

APPLICATION

Wynd – Social Fitness App

Developed a social fitness application to track running, cycling, walking, and step activities with performance analytics and friend-based training features.

Ezy Orders – E-Commerce App

Built a mobile e-commerce management solution for order processing, product management, sales tracking, and marketing operations.

Vidyalaya – Education Management System

Contributed to a school management platform used by 250+ schools, enabling communication, attendance tracking, results, and administrative operations.

Occucare – Employee Health App

Developed features for employee health monitoring, including digital health cards, medical analytics, and organization-level health insights.

ReApp – Real Estate App

Developed a real estate application for property listing, advanced search and filters, detailed property views, and user inquiry management for buying and renting.

SKILLS

Flutter, Dart

MVVM Architecture

FVM, Flavor-based Architecture

Git, JIRA

GetX, BLoC, MobX

CI/CD, Fastlane

Play Store & App Store Release
